

We've Done It!

Thornton Dale Cricket Club has finally received its certificate to flaunt that we are one of a select number of cricket clubs across the country to have achieved Clubmark Accreditation.

Largely thanks to Graham Hunt, Nick Read and Peter Lockwood, this national ECB stamp of approval has taken some nine months in the proving that we represent the sporting values of high quality community cricket, safety, and fair and focused support for club members, especially young people. We should also thank Malcolm Maw of Snainton CC who has helped us through the process.

The slogan or strap line for this kitemark is Active, Accessible, Accredited. In other words, we try to make things happen for our club, we are an open and friendly club, and we have proved it according to national criteria.

We hope this encourages people to be proud and to want to be with Thornton Dale Cricket Club, and that it opens doors for funding for future projects. And we have to go on proving year on year that we are committed to being a well managed club, with good sporting values and looking to promote cricket. This is down to all of us!
